(By Associated Press)  
CORK, Oct. 29.—Because of the resentment over the action of the government in changing the route by which the body of the late Lord Mayor MacSwiney was brought to Ireland, the regular harbor pilots announced today they would not aid in bringing the steamer Rathmore bearing the body into Holyhead from Cork.

(By Associated Press)  
DUBLIN, Oct. 29.—Over a bare cataphage in the Pro-Cathedral here today was celebrated low requiem mass for the repose of the soul of the late lord mayor of Cork, whose body, unaccompanied by a guard of English police, was at the same time proceeding across St. George's channel aboard the packet Rathmore toward Cork.

## Tonopahan Who Lost Son is Opposed to League

A story carried in the Tonopah Times of October 27, under the heading "Gold Star Members Demand Entrance to League of Nations," has had the opposite effect to what was evidently expected by those who published it. The story sets forth that American mothers and fathers whose soldier sons sleep beneath the soil of France demand that the United States enter the league. From the style in which it is written it is probable that it came from Democratic national headquarters. But the point of the matter is that they failed to give it a local significance by finding some local man or woman who lost a son in the war to sponsor it.

Down in the MacNamara mill here in Tonopah works a man, Frank Hagel, who had several sons in the service of the United States during

### TONOPAH GIRL WEDS IN MANILA

A marriage of a great deal of interest to the many friends of the bride in this city took place in Manila on September 25, when Miss Helen Stewart Case was married to Lieutenant Donald M. Carroll, aide-de-camp to General Keane, commanding officer of the Philippines.

Mrs. Carroll is the daughter of Captain and Mrs. Alene Case, and was one of the most attractive young women of this city. She was especially active in Red Cross activities during the war in this city and left last spring to accept a position in the Philippines. Word of her marriage has just reached Tonopah.

Captain Case, of Oakland, the father of Mrs. Carroll, has been in Tonopah for several days, visiting with friends and acquaintances.

"Thirty-two states," he said, "are surely Republican." He said "Seven additional states, are most probably Republican and only nine at most are safely Democratic." The minimum number of safe Republican electoral votes is 368. There is very much better than an even chance for 324, making the almost certain Republican electoral vote 392, with a very probable addition of 350.

### MRS. GILBERT FOR AUDITOR AND RECORDER

Mrs. Leta Gilbert, who can dictate for auditors and recorders as the regular Republican nominee, has resided in Nye county practically all her life. She has been connected with the county treasurer's office as a deputy under three different treasurers where her accommodating attitude toward all persons has won her many friends throughout the county, who are supporting her in the fight for election.

Her wide knowledge of the business of the county, gained through her position in the courthouse, together with her recognized ability, well qualifies her for the position she is seeking. She has made an extensive campaign in the county and her many supporters are predicting that she will be returned the winner when the ballots are counted.

### LENINE SAYS ARMY GOOD—OFFICERS BAD

(Correspondence of Associated Press)  
GENEVA, Oct. 11.—Nikolai Lenin, the Russian revolutionist, has written from Moscow to a close friend a Russian professor named Khatkov, who is now recuperating here after the bolshevik invasion of Poland failed owing to bad military leadership. The red army, he complained of loyal fighters but the chiefs were not up to their jobs, said Lenin. He dwells with great hope on the propaganda of Enver Pasha in Afghanistan and Belucistan, adding that India sooner or later will adopt bolshevik rule.

JOHN KUNZE and GEORGE THATCHER, attorneys of Reno, who were in Tonopah yesterday on a political visit, were passengers on this morning's train for Reno.

THIS SPACE HAS BEEN PURCHASED BY THE FRIENDS OF TASKER L. ODDIE

With the campaign now drawing to a close and the election but a few days off, indications are that Governor ODDIE will carry his old home of Tonopah and Nye County by the largest plurality ever given a candidate for United States Senator from this section and we earnestly urge every voter to see that he gets to the polls on election day and does his part towards electing a man who will back up President Harding in forever scrapping the League of Nations and one who will see that Nevada secures her just dues from the Government toward bringing back a revival of the mining and agricultural prosperity of the state.

Governor ODDIE'S manly stand on the women's suffrage ratification wherein he introduced a petition in Reno last spring at a convention of Republicans assembled to introduce a petition to call a special session of the Legislature to ratify the Susan B. Anthony amendment has gained for him the eternal gratitude of the women voters of the state and they will support him November 2.

His record of fair dealing with the miners and workingmen while at the head of the many large mining companies he operated in Tonopah, Lucky Boy, Silver Peak, Manhattan, Rhyolite, and Goldfield wherein he paid the highest scale of wages insures the hearty support of all workingmen.

His many acts of courtesy and financial assistance to the early business men of this camp when they were struggling to get started in the face of untold hardships and difficulties have never been forgotten and he is assured of their united support.

We, his friends of many years' standing who have taken up his fight in Tonopah, resent the attempt of the Henderson campaign managers to cast aspersions and reflections on his character and earnestly urge every voter in Nye County, irrespective of his or her political affiliation to vote for TASKER L. ODDIE for United States Senator when they go to the polls on Tuesday, November 2.
